My Celly and I are the Victims of Reckless endangerment and the Safety of our health was infringed upon. I have High Blood Pressure Expose to Tuberculosis (Germ), Diabetes, High Cholesterol, Obesity, anxiety, and mental strain, and Psychological difficulty dealing with the recent death of my Mother and Sister this year, Compound with Litigations against the Chicago Cook County Courts Because Police had fraudulently Modified, Tampering with my (NIC) Planted Crimes Armed Robbery, and Robbery, Using the dates of Arrest and Sentencing for a "Crime" of Pos.s.m.v. it was Arrested for. BUT That Crime is not even Listed in the (NIC) They never mention it, because it could not be used for enhancement, I have (ALL) Proof.

ALSO, ONE OF THE CRIMES USED TO enhance me, was based on a "Complaint" NOT an arrest!

My Celly is Serving a "Life Sentence and 50yrs" for an alleged Murder Recently he was released from Hazelton U.S.P 5:30 AM 12/23/20, and Return without being checked or Quarantine as is the Policy when an inmate is either Escorted or Release and returned, "He was not"

Per C.O. OR Nurse he was Sent back to the Compound which is on modified Movement.

However the procedures are even if you in
a mask for a hospital run. You are return
You are quarantine. especially release in the
free world NO mask

What are our rights. Can we be released
or released on Compassionate Release and
fifteens life Plus 50 yrs. (if) Not release, for
Compassionate (maybe) Reduction in Sentence
The life removed with his appeal. To
Continue to challenge his case, which is favorable
Because the witness described someone else
other than him and The Trajectory of the Shells
(Castin) were in the front of the circuit
The Driver door as an automatic discharge
its Castin went usually hand when it
alleged the shooter was pointing a gun in
the direction of the Driver window. The
evidence and trajectory supports. Someone
from afar had done the shooting. I'm
convicted based on "more" present.

What are Rights!

Thank you,
